LACKS CONFIRMATION.

The Report That Forty Lives Were Lost
in a Wreck.

VANCOUVER, June 7.—News is just
coming that a cloud-burst up the Fraser
river has resulted in the total destruc-
tion of a Raymond excursion train. Forty
lives are said to have been lost. The
train, consisting of palace cars, was from
Boston, Mass., and had been guaranteed
passage to the mountain division and was
passing ahead when the wrecked road-
bed, occasioned by the cloud-burst, was
met.

The sleeping cars were piled in an
awful mass. The loss of life cannot yet
be ascertained, though it is placed at
about forty. It is impossible to secure
the names of any of the victims, as no
one, not even the porters of the cars, is
said to have escaped alive.

Not True.—The following
dispatch has just been received from C.
R. Hosmer, manager of the Canadian Pa-
cific road at Montreal:

There is absolutely no truth in the re-
port of an accident to the Raymond-
Whitcomb excursion party. The excu-
sion train referred to is at Field, B. C.,
and there has been no accident to any
passenger train on the road by which
loss of life occurred.

(Signed) C. R. HOSMER.
Mr. Hosmer also forwards the follow-
ing dispatch:

"FIELD, B. C., June 7.
"The Raymond and Whitcomb party
reported as having been lost in the
mountains are comfortably located at the
Canadian Pacific hotel here. They are
waiting for the repair of the railway
west of here."

The Wires Are Down.
SAN FRANCISCO, June 7.—Since 3:30
a. m. it has been absolutely impos-
sible to receive any news from
Vancouver, B. C., Seattle or Ta-
coma confirming the report that the
Raymond excursion train had been wrecked in the Fraser river
floods and that forty lives were lost. At
that hour the Postal Telegraph line went
down a few miles north of Portland,
Oregon.

THE TARIFF BILL.

Leaders On Both Sides Want to Make
Progress.

WASHINGTON, June 7.—The leaders on
both sides of the senate chamber have
been conferring with a view to reach-
ing some agreement so that progress will
be made on the tariff.

For several hours Senators Aldrich and
Allison have been conferring with Sen-
ators Harris and Cockrell and each side
held consultations with party friends.

Senator Aldrich says that it is likely
that an agreement will be reached to
proceed with the schedules of the bill,
until wool is reached under the five min-
ute rule and finish them this week, so
that the wool schedule can be taken up
Monday. This includes the agricultural
schedule which is now under considera-
tion, spirits, wines and other beverages,
cotton manufactures and flax, hemp and
jute. In all, four schedules covering 27
pages of the printed bill.

Mr. Aldrich says that these four sched-
ules are not so important but that they
may be considered in that manner.
As to the time of taking a final vote,
he said that no agreement could be had;
he could not predict when the vote
would come, as the discussion of wool
and the income tax may be quite pro-
longed.

At 2 o'clock, Mr. Harris proposed the
agreement in the senate with the modifi-
cation that senators might speak for ten
minutes. It was discussed by Mr. Hoar
and Mr. Frye, and while the discussion
was going on Mr. Quay came in, asked
what was before the senate and objected.
This killed the agreement temporarily at
least.

ST. JOHN FOR CONGRESS.

Populists Talk of Nominating Him in the
Second District.

The fact leaked out today that the
Populists have their eye on a new and
formidable candidate for congress in the
second district, in the person of ex-
Governor John P. St. John. They say
that they have assurances from those near
to the ex-governor that he would accept
such a nomination, and the Populists at
the statehouse express the conviction
that St. John would lead either Funston
or Buchanan.

A prominent Populist who lives in
Olathe, St. John's town and who is a warm
personal friend of his, said to a JOURNAL
reporter this afternoon: "The name of
ex-Governor St. John for congress has
been mentioned freely among the Popu-
lists of my district for several weeks, and
he already has a stronger backing than
anybody else for the nomination. Mr.
St. John is a Populist although he has
never announced that he was. In his
latest speeches he hasn't left a grease-
spot of the Republicans or Democrats,
and the only difference between him
and the rest of us is that his views
on equal suffrage and prohibition are
more pronounced. There isn't a more
brainy man or a better public speaker in
Kansas today than ex-Governor St. John,
and he would be a credit to any state in
congress. I know what I am talking
about, when I say he will accept the
nomination."

UNCLE SAM'S MONEY.

Used By Stanford to Endow His Phil-
anthropic College.

WASHINGTON, June 7.—The action of
the attorney general in claiming \$15-
000,000 from the estate of the late
Leland Stanford drew the attention
of the senate until the tariff bill was
taken up today. The question arose
upon a resolution introduced by
Mr. Hoar, instructing the committee
on judiciary to pass upon the
equity of the claim and whether it
should not be set at rest. Following the
introduction of the resolution, Mr. Hoar
objected to Mr. Stanford for educa-
tional purposes, had not been wrongfully
diverted from the United States. The
resolution was displaced by the tariff bill.

OUR FRIENDS, THE CHINESE

Specimen of the "Innocent" Pigtails That
Have Such Warm Sympathy Back East.

SAN FRANCISCO, June 7.—The steamer China
which arrived yesterday from the Orient brings
a peculiar story of the methods employed by
the Chinese to smuggle girls into this country
for immoral purposes.

Value the vessel was at the wharf at Yoka-
hama receiving her cargo a Japanese passenger
came on board and asked for large boxes
taken to the state room but was refused
as the boxes were too large.

The boxes were taken to the wharf to be placed
in the hold with other cargo. As they were being
hoisted up a peculiar noise issuing from one of
the cases attracted the attention of the steve-
dore who rushed to the boxes and called the
police and upon examination the boxes were
found to contain the almost lifeless bodies of
four Japanese girls who were overcome by suf-
focation.

There was a small air hole in each box at one
end and the boxes were laid on the wharf end
up and the holes closed.

The man who attempted the outrage was not
apprehended. Three of the girls were destined,
it was said, to a brothel in Portland and the
other was going to Tacoma.

MURDERED MENIFER.

A U. S. Prisoner at Leavenworth Says He
Did It.

GALLESBURG, Ill., June 7.—Marshall
Cooksey received a sensational letter from
Robert Isdale, a United States prisoner
at Leavenworth, Kas., saying that he was
the murderer of Mr. Menifer, of Tennes-
see, who was found dead in the Union
Hotel here a year ago last May.

At the time it was supposed he died
from escaping gas, but Isdale says that
he poisoned him.

EDITORS FALL OUT.

Editor Driver Has Editor Pope Arrested
For Drawing a Pistol.

Editor W. D. Driver of the Topeka
"Blackman," had Editor W. N. Pope of
the Topeka "Call," arrested this after-
noon charged with drawing a revolver on
him, on Kansas avenue this morning.

The trouble between the rival editors
has existed since the former's paper was
started, but the unpleasantness was made
more aggravating by an incident at the
cleveland last night. Pope was talking
to a delegate when Driver came up and
also talked to the delegate. In the
course of the conversation Driver said
that his was the only colored paper en-
dorsed by the Republican county central
committee. Pope and Driver met near
the JOURNAL office this morning and had
a few hot words, and separated. About
noon they again met near the Central
National bank, and it is there that Pope
is said to have drawn a revolver and
ordered Driver to get out of town.

turning From a Theater.

port News, was attacked by a band of
fifteen masked men, who covered him

The victim of these outrages has re-
ceived a notice through the mail that un-
less he leaves town within twenty-four
hours he will be hanged. Dr. Stone is a
British subject, but has lived at Newport
News some time. He declares that he
has no idea why the insult was offered him.

Only a Spectator.

Secretary of State R. S. Osborn return-
ed today from St. Louis, district con-
gressional convention at Colby, in his
own district. The secretary says he was
merely an interested spectator at the
convention, and that the nomination of
Baker is equivalent to his re-election.

Delegates Robbed.

J. H. Hampton, who occupies room No.
6 at the National hotel, went to breakfast
